

Imagine The Perfect Work Day

What time are you ready to start working?

How do you feel as you arrive at work?

What do you do first thing?

What do you do next?

How are you impacting your customers?

What are you learning?

How is your energy as you flow through your day?

When do you take breaks?

How do you feel as you accomplish things throughout the day?

How do you close out your day?

How do you feel as you leave work?

What do you need to do to create perfect work days?
